

**Insert your name here**

**Important!** I will be the only one to read these comments. I will summarize observations and share suggestions at the class level - nobody will read your exact words but me. Write your answers below in sentence form, upload a pdf file to the D2L “Debate Feedback” folder (near where you uploaded your files and presentation videos).

**Self-evaluation** Give a brief description of yourself as a partner keeping in mind things like (you do not need to address all areas)

- communication
- shared the workload/cooperation
- made original contributions
- responded well to constructive criticism
- completed tasks in a timely manner

**Peer evaluation** Address the performance of your partner(s) using items from the list of qualities above.

**Audience evaluation** Consider the following elements of a presentation

- appropriate tone, pace, and volume
- presented relevant content
- interaction between presenters
- slides organized and easy to read
- slides included appropriate content (math, images, tables)
- all content was technically appropriate (no mathematical errors)

After watching the presentations, describe **one collective area for improvement** that could apply to one or more of the presentations. Describe **one collective strength** shared by some or all of the presentations. Did you have a **favorite presentation**, if so, what was it and why was it your favorite?
